CHAITANYA KALA BHARATHI is pleased to bring this report of activities carried out during the financial year 2023-24. Different activities have been carried out by the organisation during the financial year under reporting.

A brief note of these activities have been narrated hereunder:

Support from LITTLE DROPS CHARITY, UNITED KINGDOM

Distribution of Educational Material and Hygiene Kits: Little Drops Charity Trust, UK was kind enough to sanction the project, and under the 1st Phase CKB has distribute bicycles to 39 students on 17th May 2023 in Nandyal Town.

As a part of second phase, it was planned to supply educational material to the students. In addition to this we have also planned to supply Hygiene Kits (Sanitary Napkins) to the girl students. The distribution was done in two places, to avoid the hardships of travel to be taken up by the identified students who have to travel long distances to reach either Nandyal or Kurnool towns.

PROGRAME IN ADONI: In Adoni, the distribution program was organized on 27th August 2023, in Faith Home. **Fr. Daniel Prem Kumar** was the chief guest to this program, during which a total of 14 students, who are studying from 6th to 10th classes, were supplied with Nutrition Food, Educational material, and Hygiene Kits. Though, the Nutritional Kit was not in the items to be supplied, we have had a great support from a few philanthropic donors, who cam forward to support us to purchase the nutritional kits and supply during this event itself.

Study material – Class-wise

- **Geometry Box, Long Notebooks, School Bag (Jute Bag), Scale, Pens, Pencils, Erases, and Sharpener.**

Among the chief guests were Ms. G. Varalakshmi, Board of Director of CKB, Mr. Raju, the Mandal Coordinator, and representatives from NESTHAM, the Department which is working to support the HIV infect and affected families.

PROGRAM IN NANDYAL: In Nandyal town, the program was organized on 2nd September 2023, in Market Yard, premises. A total of 25 students, who are studying in different classes starting from 6th to 12th (Intermediate), were supplied with educational material (School Bags, Study Material) Hygiene Kits,

Among the chief guests were Dr. K. Sreenivasa Rao, Prof. & Head of the Department of Microbiology, in Nandyal Medical College, Dr. Sachin and Mrs Dr. Nissi Priya, Dr. Vinay TB Medical officer in Govt General Hospital Nandyal, and Mrs. K. Saraswathi, Councillor of Nandyal Municipality.

In both the venues, the chief guests have advised the participants, the students and their parents to lead a peaceful life without any worry about their health. They advised them that taking nutritious food, medicines in time, and leading a happy life is the secret of their health.

The students and their families expressed their happiness for the support extended by CKB and Little Drops Charity Trust, UK. They asked CKB to convey their heartfelt gratitude to Little Drops Charity Trust, UK for the care they have shown towards them.

Support from Sankalpa, USA

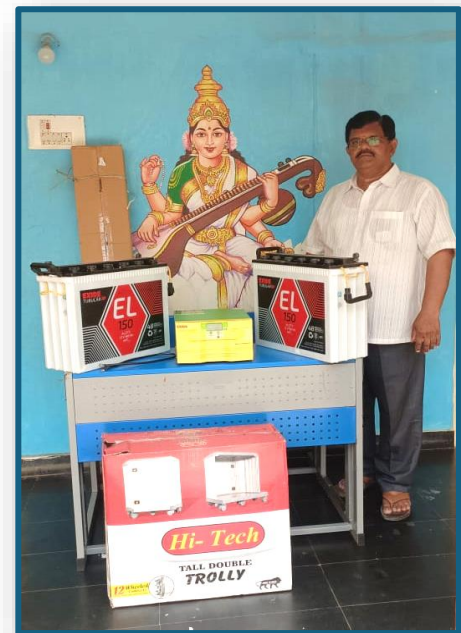

Chaitanya Kala Bharathi, Nandyal, has applied for a project to provide Sustainable, Equitable, Consistent, Economic, Safe and Adequate Water to Kasturiba Gandhi Balikala Vidyalayam (KGBV), located in Abbipuram village in Thimmapuram mandal of Nandyal District in the State of Andhra Pradesh.

The school has got a student strength of 210, having classes from 6th Class to 12th Class, and it is exclusively for the girl students. It is one of the well-maintained schools, provided there were a few issues with regard to safe drinking water for the students. And, this is the issue that CKB proposed to address by providing purified water to the students. In addition to this, there was another issue of lack of emergency power supply in the case of power failures. Hence, CKB proposed to install an Un-interrupted Power Supply (UPS) unit in the school which will cater to the minimum needs of the campus during the power failure periods.

Pursuant to sanction of the project, CKB has initiated the activities on a preliminary basis in the school premises. CKB has taken the lead to complete all the proposed activities by way of advancing the balance amount against the sanctioned amount to complete the project.

- **Installation of Inverter:** The installation of inverter was completed in the school premises. An inverter which supports a total of (i) 35 tube-lights (covering all the class rooms); (ii) 3 Fans; (iii) Computer and peripherals; and (iii) a mixie in the kitchen.
- **Replacement of Electrical Submersible Pump:** The school has an active bore-well. However, due to damage to the submersible water pump, it has become non-functional. Under this project, we have purchased and installed a new submersible water pump unit, which brought back the bore to life. The entire campus is now using the water from this bore itself.
- **Installation of Over-head Tank:** A over-head tank of the capacity of 2000 liters was install on the top of the building. The water from the bore will be stored in this tank, for purposes of general utilization of the students in the campus.
- **Installation of Puri' ed Water System:** A water purifier of 150 liters, of Blue Star Make, was purchased and installed in the campus. The students and the staff are now fetching this water for drinking purposes.

Support from All the Sky Foundation, USA

With the support of All the Sky Foundation, USA, CKB has organized an Awareness programme on Menstrual Hygiene exclusively to educate the adolescent girls and through them to impart the knowledge to their families, siblings and to their friends.

This program was organized in the Junior College, in Velgode village, by involving the girl students. This program organized on 6th November in which a total of 65 girls have participated. The resource person for this program was Dr. Ms. Amulya, MBBS, the Medical officer in the local Primary Health Centre. During this meeting the doctor explained the girls about the following points, as mandatory to be followed by them:

- ⇒ **Washing hands** before and after using the restroom and changing menstrual products is a must as there is a scope that the germs may be deposited on the hands.
- ⇒ **Disposing the used products** should be done by wrapping the used menstrual products in toilet paper or tissue and throwing in a trash bin. She explained that they should not be flushed down in the toilets, or be through on the road sides openly.
- ⇒ **Change of the napkins** has to be done general for every 4–6 hours. She also explained that if the period is heavy, they have even think of changing earlier too.
- ⇒ **Wearing clean underwear** made of breathable materials like cotton is a suggested one, and tight clothing should avoided during the menstruation period.
- ⇒ **pad rashes and prevention** was also explained by her that to prevent pad rash the pads should be changed regularly and to stay dry. In case of rashes it is more advisable to apply antiseptic ointment after a bath and before bed.

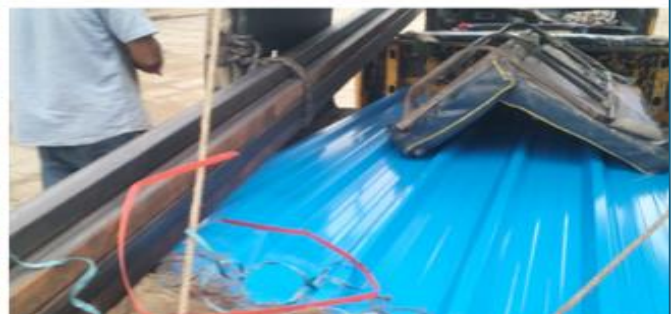

She also explained that if proper menstrual hygiene is not maintained it can lead to infections and other ailments. Infections can cause difficulty conceiving, increased risk of abortions, and preterm delivery.

The girls felt that this session of training was very useful to them and they thanked the resource person, the supporters All the Sky Foundation, USA for giving them such an important education about menstrual hygiene and health aspects.

At the end of the program, all the 65 girls were supplied with Sanitary Pads which will end for a period of one year.

Support from BAS AID, Switzerland

With the support of BAS AID, Switzerland, Chaitanya Kala Bharathi has taken up the project of construction of toilets in the High Schools. The project was sanctioned for 5 schools.

The required material for the construction work and fixing of the sanitary material was done from the nearby town and transported to the construction sites. The mason was engaged from the local villages, as this will avoid paying any extra amounts for the transportation of the labour etc.

As on the date of reporting period, the works have been taken up in 3 schools, i.e., Narayanapuram, Eernapadu, and Yerraguntla.

The works of construction of the rooms, providing them with the required sanitary materials like basins, pitting etc., were fully completed and they are now being used by the students in these schools.

Support from South Indian Children's Education and Welfare Trust, UK

Chaitanya Kala Bharathi has applied to South India Children's Education and Welfare Trust (SICEWT), United Kingdom, seeking grant-in-aid to support a total of 40 HIV positive students with a package of educational material and nutritional kits. We are thankful to the Board of SICEWT, for their generous acceptance and approval of the project. Under this project, the beneficiaries were supplied with the educational material and nutritional material twice.

Pursuant to the sanction of the project and receipt of funds from the donor, CKB has organized the distribution program in the "Indian Medical Association Hall" in Anantapur.

Under the first phase, the 40 identified 'positive' children also attended this program along with their parents. Mr. Sreedhar, the local Mandal

Revenue Officer, was the chief guest for the program along with a few social workers and other individuals working in the district.

The second phase was organized on 23rd November 2023, at the same venue to which Mr. David Priddy, Chairman of the Trust, UK personally attended and distributed the material to the children.

A small meeting with the children and their parents was also organized on both these events, during which the speakers have expressed their solidarity towards the welfare and wellbeing of these children and their families. They advised the children to do their best in academics and achieve their goal of getting into good position.

Speaking on the occasion Mr. Vijaya Bhaskar, the Chief Functionary of Chaitanya Kala Bharathi, said that the organization is working towards the development of the people who are in need of care and support. He gave a brief account of different activities taken up and implemented by the organization with the support of different donors. He expressed his heartfelt gratitude to South India Children's Education and Welfare Trust, UK, who have generously approved the proposal sent by CKB, and said that without their support this program could not have been organized.

At the beginning of the distribution ceremony, the children performed a few cultural shows like dances, and singing, which entertained the gathering, and has revealed the spirit of these children.

The package of items included 15 items were distributed to the students which will help them to improve their nutritional status thereby boosting their immunity.

The students were also provided with school material and reference material which will help them in their academic development. Reference material of all subjects was included in this package.

All the identified 40 students have received the educational material along with the nutritional kit. The girl students have also been provided with a set of Sanitary Napkins which is intended towards promotion of their Menstrual Hygiene. This package will be lost for 3 months for these students.

All the children, and their families felt very happy to receive these gifts from [SOUTH INDIA CHILDREN'S EDUCATION AND WELFARE TRUST \(SICEWT\)](#) and their families expressed their thanks to SICEWT for their generous support to them.

Support from HEAT Foundation, UK

Chaitanya Kala Bharathi, Nandyal wrote to Mr. Umar Shariff, Chairman of H.E.A.T. Foundation Ltd, UK with a request to support a total of 41 children coming from HIV infected families, and a few children being infected with the same infection. We requested them to support these children with a package of Nutritional Kit sufficient for 3 months, and also to support them in their academics through supply of educational material.

Thanks to Mr. Umar Shariff and the Board Members of H.E.A.T. Foundation Ltd,, for their humbleness to accept our proposal to sanction the requested proposal.

THE DISTRIBUTION

The distribution was taken up in two phases. The first one being taken up in Sri Vivekananda Auditorium, in Nandyal Town and gathered all the identified children in this big hall. In the meantime, the organization has purchased the required material and kept it ready for distribution to the children (students) studying in different classes.

The Educational material included Reference material; Long Note books; School Bag; Geometry Box; Examination Writing Pad; and Pens, pens, erasers, Sharpeners

The Nutritional Kit included

- Rice - 10 Kgs
- Redgram - 3 Kgs
- Green Gram - 1½ Kgs
- Black Gram - 1½ Kgs
- Black-eyed Peas - 1½ Kgs
- Soya Bean - 1 Kg
- Cooking Oil - 3 Liters
- Wheat Rava - 2½ Kgs.
- Wheat Flour - 2½ Kgs
- Jaggery - 1½ Kgs
- Sugar - 1 Kg
- Groundnut Seed - 1 Kg
- Dry Dates - 1 Kg
- Sesame seeds - 500 Gms

Sanitary Kits (exclusively for the girls)

The Department of Nestham has extended its coordination in organizing this event.

During the inauguration ceremony, the speakers have highly appreciated the generosity of H.E.A.T. Foundation Ltd., UK for sanctioning this great project.

In his address Mr. Issaq Basha appreciated the efforts made by CKB for the welfare of the children and families in need of care and concern. He felt that by supporting in this humane activity, the HEAT Foundation has proved its commitment towards helping the needy, which is the final destination of any act of kindness. In this context he referred to a case of Ms. Farhana, who comes from an economically poor family in Nandyal Town, and has successfully got selected for pursuing Medical (MBBS) course. She has got a seat in Vijayawada, and her mother (widow) is supporting her education with utmost difficulty by working as a domestic servant in the households she knows. He

requested Mr. Vijaya Bhaskar, Chief Functionary of CKB, to explore any possibilities of extending some kind of financial support to this girl.

Later the distribution process completed, as the guests have distributed the material to each of the 41 children (students).

Under the second phase of distribution CKB has distributed the nutritional kits adequate for a period of 1½ months.

Support from Fundacion Roviralta, Sapin

Chaitanya Kala Bharathi, Nandyal is working for the welfare of people of different sections of life. One of the prime areas of work is taking care of the children in their schooling and education, and also to extend support to children with various needs.

As a part of this CKB has identified a total of 17 children who are differently abled. During our interaction with these children they have requested CKB to support them in their mobility by giving them tri-cycles. This, according to them, will help them in reaching to their schools, and also to go out for small requirements without depending on others for their day to day activities and needs.

Basing on their request, CKB has sent a proposal to **Fundacion Mariafranciscade Roviralta**, to support these children, who are studying in different

schools and pursuing their education at different levels. **Fundacion Mariafranciscade Roviralta**, was kind enough to approve our project, and sanction a project to supply them with tri-cycles.

In accordance to the sanction, CKB has organized a Tri-cycle Distribution Event in Nandyal Town, on the afternoon of 26th July 2023. The chief guests for this program were:

- Mr. Ayub, Teacher for Inclusive Education Resource, Nandyal
- Mrs. Hymavathi, Teacher for Inclusive Education Resource, Mahanandi
- Mrs. Pushpavathi, Teacher for Inclusive Education Resource, Sirivella

The chief guests are specialized teachers in dealing with the children with special needs and are working in “Bhavitha Centres” which are exclusively working for the schooling and education of children with special needs.

In their presence these children were supplied with tri-cycles, for which they have expressed their heartfelt gratitude to the donors **Fundacion Mariafranciscade Roviralta, Madrid, Spain**.

We, on behalf of Chaitanya Kala Bharathi, take this opportunity to express our gratitude to the donors, and assure to continue our efforts to support the communities in need of care and support, irrespective of age, gender and community.

Support from Fresh Water Friends, USA

Chaitanya Kala Bharathi has requested Fresh Water Friends, USA to extend financial support to install borewells to providing potable water to 3 villages in Nandyal District of Andhra Pradesh.

Thanks to them and Ms. Audra Wood who have accepted the request and extended the financial support to start the work in 3 villages, i.e., (1) Harinagaram Chenchugudem, near Ahobilam, (2) Sirivella and (3) Govinda Palli villages.

Soon after the receipt of the funds, initiated all the necessary steps to take up the implementation of the project of digging bore in the proposed villages, installation of bore, with motors and construction of Platform for the installation of Water Tank and fixing of the tank with cisterns.

Yes, it took us a few days to take all the permissions to dig a bore in the village, after which the work was started and has been successfully completed.

- ✓ We have completed the digging of bore in all the 3 villages.
- ✓ The platform for the installation of the tank has also been constructed.
- ✓ Three days after the completion of the platform construction, the installation of submersible pump and fixing of storage tank was taken up.
- ✓ The work was completed in full shape, with the fixing of cistern to the storage tank so that the communities can fetch water from the tank.

The people are now drawing water from this established unit, and are happy to extend their heartfelt gratitude to the sponsors for their generous support.

1) Support from Kapasi International Relief and Educational Assistance (KIREA), CANADA,

Under this project, KIREA has provided an amount of Rs.87500 towards providing seed money to 25 women beneficiaries for taking up of income generation activities.

This project is implemented in Erukula Colony, in Bandi Atmakur mandal of Nandyal District. These women are involved in bamboo Basket making activity. They were provided with an amount of Rs.3000 under this project, and were imparted with a one day training program to improve their skills in their art of basket making. In addition to this, we have also provided with tool kits like Knives, Bamboo Sticks etc.

2) Aasha Charity Program

With the support of Aasha Charity, UK, Chaitanya Kala Bharathi has taken up project to provide safe and purified drinking water to the students studying in (a) K.G.B.V. School for Girls, Velgode, and (b) Urdu School, Nandamuri Nagar, Nandyal.

Both the programs have been completed by procuring the cooling and purifying unit and installing an overhead tank. Both these units were connected to ensure that the students receive pure and safe cool drinking water to consume.

The works have been successfully completed in both the schools, and the children are enjoying the facilities in both the schools.

We extend our heartfelt gratitude to all the above foundations and supporters for extending such a great support to our organization and the communities we are working with. We would also like to convey the gratitude of the communities who have asked us to thank all the sponsors for supporting them.
